

— THE BEGINNING —

A DARK ROOM

*You stand in a chamber of ancient stone,
torchlight flickering across two weathered doors.*

Which path calls to you?

[A] Pass through Door A →

[B] Pass through Door B →

— ROOM A —

A MONSTER!

You step into the gloom and something stirs.

Red eyes gleam from the shadows.

The creature rises — massive, ravenous, waiting.

[!] Stand and fight

[<] Flee back through the door

— ROOM B —

A TREASURE CHEST!

The air smells of old cedar and forgotten gold.

A chest rests upon a plinth, its brass lock glinting,

as if placed here just for you.

[+] Open the chest

[<] Return to the dark room

— VICTORY —

YOU WIN!

*The lid creaks open. Inside — mountains of gold,
jewels older than kingdoms, and a crown fit for a legend.*

The dungeon trembles with applause.

[<] Descend into the dark once more
